## Indicator 14 – Postsecondary Outcomes

Reported in both the statewide and local APR.

Measure A: Percent of youth who are no longer in secondary school, had IEPs in effect at the time they left school, and were enrolled in higher education within one year of leaving high school.

	Number of youth enrolled in higher education within one	
Indicator 14	year of leaving high school	x 100
Measure A =	Number of respondent youth no longer in high school who	x 100
	had IEPs in effect at the time they left school	

Measure B: Percent of youth who are no longer in secondary school, had IEPs in effect at the time they left school, and were enrolled in higher education or competitively employed within one year of leaving high school.

	Number of youth enrolled in higher education or	
Indicator 14	competitively employed within one year of leaving high school	100
Measure B =	Number of respondent youth no longer in high school who	100
	had IEPs in effect at the time they left school	

Measure C: Percent of youth who are no longer in secondary school, had IEPs in effect at the time they left school, and were enrolled in higher education or in some other postsecondary education or training program; or competitively employed or in some other employment within one year of leaving high school.

	Number of youth enrolled in higher education or other	
Indicator 14 Measure C =	postsecondary education/training; or competitively employed	
	or in other employment within one year of leaving high school	x 100
	Number of respondent youth no longer in high school who	
	had IEPs in effect at the time they left school	

Data Source: Telephone survey with attempts to contact every student who exited high school in the prior year. Family members may respond if they are knowledgeable about the student.
