

**VSBPE**

**Date: Jan. 12, 2021**

**Item: Spark Student Teaching Contingency Plan**

**Shall the VSBPE approve Spark's plan for remote or hybrid student teaching due to Covid for 2020-2021?**

**AGENCY RECOMMENDED ACTION:** That the VSBPE approve Spark's plan for remote or hybrid student teaching due to Covid for 2020-2021.

**Background:**

The Office sent a template to be completed by the Educator Preparation Programs encouraging them to plan for the many possible scenarios their student teachers might face due to the pandemic. Spark is the last of the ROPA-approved EPPs to submit a plan; their plan has been reviewed by the office and is similar to many of the other VSBPE-approved plans.

**Supporting Documents:**

None, although if the Board would like to review the plan, we would be happy to share it.
