

VSBPE

Date: May 16, 2023

Item: Champlain College Computer Science Educator New Program ROPA Report

ITEM: Shall the VSBPE approve the report from the Champlain ROPA review team and grant two-year conditional approval to Champlain's new Computer Science Educator program?

AGENCY RECOMMENDED ACTION:

That the VSBPE approve the report from the Champlain ROPA review team and grant two-year conditional approval to Champlain's new Computer Science Educator program.

BACKGROUND:

The VSBPE approved of the team to review Champlain's Computer Science Educator program. The review was held at Champlain College on April 4, and the team found sufficient evidence to meet the ROPA Standards and the endorsement competencies, and recommends two-year conditional approval, which is the most a new program can earn.
