Child Nutrition Programs

Annual Statistical Report

Percent of Students Approved for Free and Reduced Price School Meals

School Year 2022 - 2023

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: <https://www.usda.gov/sites/default/files/documents/ad-3027.pdf>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

1. **mail:**
U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410; or
2. **fax:**
(833) 256-1665 or (202) 690-7442; or
3. **email:**
Program.Intake@usda.gov

This institution is an equal opportunity provider.

Introduction

This is the annual report of the number of students approved for free and reduced price meals in each school in each School Food Authority (SFA). A School Food Authority (SFA) is the entity responsible for operating the National School Lunch Program (NSLP) and/or the School Breakfast Program (SBP). In Vermont, the SFA is at the Supervisory Union level for public schools. In some cases, there are multiple School Districts within a School Food Authority. In Vermont, the state pays for the student's share of reduced price breakfast and lunch, so meals are free to all students who are approved for either free or reduced price meals. In School Year 22-23, Vermont is also providing state funding to provide meals at no charge to all students in public schools operating CEP and Provision 2, and some funding for state-approved independent schools operating CEP or Provision 2. This means that meals are being provided at no charge to all students at all public schools and at some independent schools.

Schools operating the base year of Provision 2 are required to attempt to collect free and reduced meal applications from households. However, there is little incentive for households to return these applications as meals have been served at no charge for several years. As a result, School Year 22-23 free and reduced eligibility data may not be an equivalent metric of student poverty compared to the same data from School Year 19-20 and earlier at Provision 2 schools.

The report includes the total number of students approved for free and reduced price meals and the total number of students enrolled, as of the last operating day in October of the current school year, as reported by the SFA. Please note that other measures of student poverty in Vermont may report similar information, but as of the *first* day of October. Because student status may carry over for the first 30 operating days of the year, October 1st free and reduced rates may be higher than the rates found in this report.

“Approved” means that a student has been certified as qualifying for free or reduced price meals based on an application submitted by the household, or they are Directly Certified as free-eligible. To qualify as income-eligible for free meals based on an application, a household's income must be at or below 130% of the Federal poverty guidelines. To qualify as income-eligible for reduced price meals, a household's income must fall between 130% and 185% of Federal poverty guidelines. Updated guidelines are provided by USDA annually. Households may be Directly Certified for free meals when someone in the household receives 3SquaresVT or Reach Up, or students are determined categorically eligible through Foster, Homeless, Migrant, Run Away, or Head Start. Eligibility determinations are made at the SFA- or school-level by the Food Service Director, Administrative Assistants, or others designated by the SFA or school administration.

The information in this report is based on the data that SFAs submit in the annual Site Enrollment Report. The percentages are calculated for all schools in the system participating in the National School Lunch Program. The data reported meets Vermont Agency of Education [data governance requirements](#) which eliminate any sensitive and/or potentially personally identifiable information from fewer than 11 students. As a result, some information from some schools is not available, and is replaced with two plus signs (++).

How the Report is organized:

The report is organized alphabetically by Supervisory Union/SFA. The schools participating within the Supervisory Union are listed alphabetically by school name. Independent schools who participate in the National School Lunch Program are included alphabetically, except when they participate as sites under another SFA. In that case, they are listed under that SFA.

Column Headings

1. Supervisory Union
2. School
3. CEP - Indicates (Yes or No) participation in the Community Eligibility Program
4. Provision 2 - Indicates (Yes or No) participation in Provision 2
5. Free & Reduced Students - Number of students approved for free and reduced price meals
6. Enrollment - Enrollment in the school lunch program as of the last operating day in October. **Note:** Students are considered “enrolled” for the purposes of this report if they have access to the school meals program.
7. % Free & Reduced - Percent of students enrolled in the lunch program who are approved for free and reduced price school meals

CEP Schools

Schools participating in the Community Eligibility Provision (CEP) are marked with a “Y” in the CEP Column of the Report. CEP allows schools to serve meals at no charge to students; schools receive the free and paid reimbursement for meals served. Schools eligible to participate in CEP must have at least 40% of their enrolled students Directly Certified for free meals or participate in a group of schools with a combined total of at least 40% of enrolled students Directly Certified for free meals. This Identified Student Percentage (ISP) is multiplied by the USDA multiplier of 1.6. The result is the percentage of meals to be claimed at the free rate. Per USDA guidance, for CEP schools, individual school data must be used to determine the free and reduced rate, even if the school is participating in CEP as a group claiming with a shared free claiming percentage. This percentage is applied to the total enrollment as of the last operating day of October.

Provision 2 Schools

Schools participating in Provision 2 for Lunch are marked with a “Y” in the Provision 2 column of the Report. In Provision 2, schools collect applications in a “base year” and uses those percentages in the following 4 years. The base year percentages may be extended for an additional 4 years beyond that if the SFA can provide information showing that the demographics have not changed since the base year. For these schools, the free and reduced percentages from applications collected in the base year have been applied to the school’s current year enrollment (as of the last operating day of October). For more information on Provision 2, please see the [USDA Factsheet](#).

Statewide Average

The statewide total enrollment of students (from available data) in school lunch programs is 84,032. The total number of students approved for free and reduced price meals is 29,282. The statewide percent free and reduced students is 34.85%.
