Title IV, Part A: Use of Funds Report 2023-2024

Purpose

In accordance with the Elementary and Secondary Act (ESEA) §4104(a)(2), the Vermont Agency of Education must publicly report on how funds made available under Title IV, Part A are being expended by local education agencies (LEAs).

Spending Requirements & Reporting

The spending requirements under the Title IVA program are as follows:

- A LEA that receives an allocation of more than \$30,000 must meet all three of the following spending requirements:
 - Use not less than 20% of the allocation to support activities under the Well-Rounded Education content area
 - Use not less than 20% of the allocation to support activities under the Safe/Healthy Students content area
 - Use a portion of the allocation to support activities under the Effective Use of Technology content area
- A LEA receiving an allocation of less than \$30,000 must meet only one of the above spending requirements.

Funds consolidated into Schoolwide Programs (SWP) may be used to meet any of the content area spending requirements under Title IVA. LEAs that consolidate Title IVA funds into SWPs are not required to report expenditures on activities conducted in the SWP that meet the intent of Title IVA; therefore, information on whether LEAs met or did not meet Title IVA spending requirements if they consolidated Title IVA funds in SWPs is noted as “not reported” here.

LEAs that applied for and received an EdFlex waiver are not required to meet the minimum spending requirements within each content area; therefore, information on whether LEAs met or did not meet Title IVA spending requirements if they have an approved waiver is noted as “N/A” here. These LEAs are also indicated in the “Approved EdFlex Waiver” column in the chart below.

*LEA consolidated some or all the Title IVA allocation into Schoolwide Programs. Amounts of Title IVA funds consolidated and/or spent in Schoolwide Programs are not included in this report.

**LEA transferred some or all the Title IVA allocation into a different ESEA program (Title IA, IIA, or IIIA). This report shows only Title IVA funds spent.

The below table represents data as reported by the LEAs.
