
Consolidated Federal Programs Virtual Annual Conference

In order to support LEAs in successfully completing and implementing their Consolidated Federal Programs (CFP) application for the coming fiscal year, the CFP Team is excited to present the following virtual information sessions. As we understand that some local CFP Team Leaders and business managers will not be able to attend the live presentations, presentation materials such as PowerPoint slides and related documents will be posted to the CFP Team's web page. LEA representatives should prioritize attending these sessions, as they will provide essential guidance and answers to common technical and programmatic questions.

Virtual Sessions

All sessions will be presented using Microsoft Teams. Link to each session by clicking on the session title. Registration is not required.

[Consolidated Federal Programs: What's New?](#)

Monday, April 5, 10:00am-11:00am
