

# Application for Grant

## Student Support Services

### Related to the Technical Assistance and Professional Development of Educational Teams and Families of Individuals who are Deaf, Hard of Hearing or Deafblind

#### Purpose

The Vermont Agency of Education (AOE) is seeking proposals from qualified individuals or agencies (grantee) to improve local educational team’s capacities to implement research-based interventions and current best practices in the field of education. Grantee will provide technical assistance to individual students aged 3-22 and their educational teams, provide professional development training to educators and professionals in the field, and work in collaboration with other statewide consultants.

#### Process Timeline

Application posting: 6/23/2021

Proposals due: 7/7/2021

Estimated project start: 8/1/2021

#### Targeted Indicators

The Project Coordinator will work to support the following outcomes for students:

Indicators	Outcomes
Indicator 1	Percent of youth with IEPs graduating from high school with a regular diploma.
Indicator 3	Participation and performance of children with disabilities on statewide assessments: A. Percent of the districts with a disability subgroup that meets the State’s minimum “n” size that meet the State’s AYP targets for the disability subgroup. B. Participation rate for children with IEPs. C. Proficiency rate for children with IEPs against grade level standards, modified and alternate academic achievement standards.
Indicator 5	Percent of children with IEPs aged 6 through 21 served: A. Inside the regular class 80% or more of the day; B. Inside the regular class less than 40% of the day; and C. In separate schools, residential facilities, or homebound/hospital placements.

Indicator 6	Percent of preschool children with IEPs who received special education and related services in settings with typically developing peers (i.e., early childhood settings, home, and part-time early childhood/part-time early childhood special education settings).
Indicator 8	Percent of parents with a child receiving special education services who report that schools facilitated parent involvement as a means of improving services and results for children with disabilities.
Indicator 13	Percent of youth with IEPs aged 16 and above with an IEP that includes appropriate measurable postsecondary goals that are annually updated and based upon an age-appropriate transition assessment, transition services, including courses of study, that will reasonably enable the student to meet those postsecondary goals, and annual IEP goals related to the student’s transition services needs. There also must be evidence that the student was invited to the IEP Team meeting where transition services are to be discussed and evidence that, if appropriate, a representative of any participating agency was invited to the IEP Team meeting with the prior consent of the parent or student who has reached the age of majority.

**Scope of Work**

Grantee will provide the following services statewide to children ages 3-22, who are enrolled in Vermont schools in support of the above indicators:

1. Consultation to schools and families to facilitate access to classroom curriculum and instruction. [Supporting Indicators: 1, 3, 5, 6, & 13]
2. Consultation to schools and families to assist with child-specific amplification systems, audiological support specific to FM loop systems; student/family audiology services support, and pre/post Cochlear Implant Evaluations. [Supporting Indicators: 1, 3, 5, 6, 8 & 13]
3. Direct instruction with students to improve listening and/or speaking. [Supporting Indicators: 1, 3, 5, 6, & 13]
4. In-service training to school teams regarding:
  - a. Individual students and

Applicants may list other consultation and services as related to the needs of the community for consideration

## **Services**

**Referrals** – New referrals are initiated with a student observation(s) and report to school team/staff. Based on the observation(s), recommendations are made regarding required or necessary services in order for the student to participate in the general education classroom.

**Consultation Services** – Consultant services are based on student needs and articulated in the student’s Individual Education Plan (IEP) or 504 plan. Services may include: direct services on site to provide continuous *direct* instructional service to a student; technical assistance and resources to the in-place educator; staff and/or peer in-service; observation with follow up contact with staff and/or student, audiological support specific to FM loop systems; other specialized equipment; academic content accommodations, and student/family audiology services support.

**Comprehensive Speech and Language Evaluations** – Speech and Language Pathologists provide comprehensive assessment of speech, language, vocabulary and auditory skill development for Initial and Three-Year Evaluations, and pre/post Cochlear Implant Evaluations.

**Audiological Evaluations-** Audiologists provide comprehensive assessment to determine type, degree, and configuration of hearing loss.

**Annual Monitoring** – Student is monitored by consultant via distance technology or email with school staff to check on status/progress and provide recommendations/ technical assistance.

**Summer Services** are contracted on an individual basis for additional fees and reflect the consultant’s time for direct service (including home visit and preparation time) portal to portal and mileage.

**Residential/Day Program Consultation** – Consultant visits residential program for observation, IEP meetings, etc.

**Sign Language Instruction** – Instruction in American Sign Language or other visual representation of language to promote language acquisition and communication development and/or to support listening skills and augment communication as speech skills are developing. Individual instructional sessions are available for students, as well as staff training and group instruction with peers. The consultant can assist with service coordination.
