## Vermont Approved Educator Endorsement Codes

Each license must have one or more endorsements. An endorsement specifies the instructional level and the endorsement content area in which the license holder is authorized to perform educational services. The first digit in an endorsement code denotes the grade or age range the educator may serve and the latter two digits denote the content area: Example: 2-05 = Grade 7-12, English.

### Administrator Endorsements

Endorsement Code	Endorsement Name	Instruct. Code	Instructional Level
