School Finance
2018-2019 School Year**

**The 2018-2019 Average Announced Tuition of Union Elementary Schools is \$13,910.00
The 2018-2019 Average Announced Tuition of Union 7th-12th Grade Schools is \$15,618.00**

Average Announced Tuition

16 V.S.A. § 823. Elementary tuition

(a) Tuition for elementary students shall be paid by the district in which the student is a resident. The district shall pay the full tuition charged its students attending a public elementary school. If a payment made to a public elementary school is three percent more or less than the calculated net cost per elementary pupil in the receiving school district for the year of attendance, the district shall be reimbursed, credited, or refunded pursuant to section 836 of this title. Notwithstanding the provisions of this subsection or of subsection 825(b) of this title, the boards of both the receiving and sending districts may enter into tuition agreements with terms differing from the provisions of those subsections, provided that the receiving district must offer identical terms to all sending districts, and further provided that the statutory provisions apply to any sending district that declines the offered terms.

(b) Unless the electorate of a school district authorizes payment of a higher amount at an annual or special meeting warned for the purpose, the tuition paid to an approved independent elementary school or an independent school meeting education quality standards shall not exceed the least of:

- (1) the average announced tuition of Vermont union elementary schools for the year of attendance;
- (2) the tuition charged by the approved independent school for the year of attendance; or
- (3) the average per-pupil tuition the district pays for its other resident elementary students in the year in which the student is enrolled in the approved independent school.

16 V.S.A. § 824. High school tuition

(a) Tuition for high school students shall be paid by the school district in which the student is a resident.

(b) Except as otherwise provided for technical students, the district shall pay the full tuition charged its students attending a public high school in Vermont or an adjoining state or a public or approved independent school in Vermont functioning as an approved area career technical center, or an independent school meeting education quality standards; provided:

- (1) If a payment made to a public high school or an independent school meeting education quality standards is three percent more or less than the calculated net cost per secondary pupil in the receiving school district or independent school for the year of attendance then the district or school shall be reimbursed, credited, or refunded pursuant to section 836 of this title.
- (2) Notwithstanding the provisions of this subsection or of subsection 825(b) of this title, the board of the receiving public school district, public or approved independent school functioning as an area career technical center, or independent school meeting education quality standards may enter into tuition agreements with the boards of sending districts that have terms differing from the provisions of those subsections, provided that the receiving district or school must offer identical terms to all sending districts, and further provided that the statutory provisions apply to any sending district that declines the offered terms.

(c) The district shall pay an amount not to exceed the average announced tuition of Vermont union high schools for the year of attendance for its students enrolled in an approved independent school not functioning as a Vermont area career technical center, or any higher amount approved by the electorate at an annual or special meeting warned for that purpose.
