

National School Lunch Program (NSLP) Afterschool Snack Intent to Participate and Program Agreement

Overview

Schools and residential child care institutions (RCCIs) that operate the National School Lunch Program are eligible to sponsor the NSLP Afterschool Snack Service. The school is responsible for the operation of the after school care program during which snacks are provided and must: (a) meet all Child Nutrition Programs regulations, meal pattern and eligibility requirements pertaining to the NSLP Afterschool Snack Service as defined in 7 CFR, Part 210; (b) provide regularly scheduled activities in an organized, structured, and supervised environment; and (c) include enrichment or educational activities.

Sites that have 50% or more of the enrolled children that are approved for free or reduced-price meals or are located in the attendance area of a school with 50% or more of the enrolled children eligible for free or reduced-price meals, based on the data reported in the Free and Reduced Eligibility Report, are site/area eligible and may serve snacks at no cost to all children and claim at the free rate of reimbursement. Sites that are located in areas where less than 50 percent of the enrolled children are approved for free or reduced-price meals must count and claim meals based upon the child's free, reduced-price, or paid status. These sites may be pricing or non-pricing, but must use non-federal funds to cover this cost.

Snack prices for full price children must cover the cost of the snack and the maximum reduced-price charge is \$0.15.

SFAs must ensure records are maintained to support program participation and to monitor programs as required by regulations.

Complete this document and the NSLP Afterschool Snack Service Site List and submit to the Vermont Agency Of Education Child Nutrition Programs for review and approval.

NSLP Afterschool Snack Service Meal Pattern Grades K-12

This meal pattern applies to grades K-12 in the U.S. Department of Agriculture's (USDA) National School Lunch Program (NSLP) Afterschool Snack Service. For information on the NSLP Afterschool Snack Service meal pattern for preschoolers (ages 1-4), see the NSLP Afterschool Snack Service Meal Pattern for Preschoolers.

Reimbursable snacks must consist of two food items, each from a different component. For example, a snack of carrot sticks and apple juice does not comply with the Afterschool Snack Service Meal Pattern for Grades K-12 because both items are from the vegetables/fruits component. Use the <u>USDA Food Buying Guide</u> to determine the amount of purchased food that meets these requirements.

Children may be served larger portions, but not less than the minimum quantities. Large potions may be appropriate to meet older children's nutritional needs. Milk must be low-fat (1%) unflavored or flavored or fat-free, unflavored or flavored. Whole milk, reduced fat (2%) milk cannot be served.

A serving is the edible portion of cooked, lean meat, poultry, or fish, e.g., cooked lean meat without the bone, breading, binders, fillers, or other ingredients.

APP must meet the requirements in appendix A of the NSLP regulations (7 CFR 210). Tofu must contain at least 5 grams of protein per 2.2 ounces (weight) or ½ cup (volume).

Creditable nuts and seeds include almonds, Brazil nuts, cashews, filberts, macadamia nuts, peanuts, pecans, walnuts, pine nuts, pistachios, and soy nuts.

To increase nutrient variety, yogurt should not be served when milk is the only other snack component.

Serve whole vegetables and fruits most often. Juice must be full-strength (100 percent) pasteurized juice. Juice cannot be served when milk is the only other snack component.

Grains/Breads must be whole grain or enriched, or made from whole grain or enriched flour or meal that may include bran and/or germ. Cereal must be whole grain, enriched, or fortified. One serving of breakfast cereal must meet the requirement for either measure (cups) or weight (ounces), whichever is less.

Example of cereal grains include amaranth, barley, brown rice, buckwheat, corn meal, corn grits, kasha, millet, oats, quinoa, wheat berries, and rolled wheat.
