**Nondiscrimination Statement:**

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, (AD-3027) found online at: [http://www.ascr.usda.gov/complaint\\_filing\\_cust.html](http://www.ascr.usda.gov/complaint_filing_cust.html), and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

- (1) mail: U.S. Department of Agriculture  
Office of the Assistant Secretary for Civil Rights  
1400 Independence Avenue, SW  
Washington, D.C. 20250-9410;
- (2) fax: (202) 690-7442; or
- (3) email: [program.intake@usda.gov](mailto:program.intake@usda.gov).

## Introduction

This is the annual report of the number of students approved for free and reduced-price meals in each school in each School Food Authority (SFA). A School Food Authority (SFA) is the entity responsible operating the National School Lunch Program (NSLP) and/or a School Breakfast Program (SBP) in schools. In Vermont, the SFA is at the supervisory union level for public schools. In some cases, there are multiple school districts within a School Food Authority. In Vermont, the state pays for the student's share of reduced-price breakfast and lunch, so meals are free to all students who are approved for either free or reduced-price meals.

The report includes the total number of students approved for free and reduced-price meals and the total number of students enrolled, as of the last operating day in October of the current school year, as reported by the SFA. Please note that other measures of student poverty in Vermont may report similar information, but as of the first day of October. Because student status may carry over for the first 30 operating days of the year, October 1<sup>st</sup> free and reduced rates may be higher than the rates found in this report.

“Approved” means that a student has been certified as qualifying for free or reduced-price meals based on an application submitted by the household, or they are Directly Certified as free-eligible. To qualify as income-eligible for free meals based on an application, a household's income must be at or below 130% of the Federal poverty guidelines. To qualify as income-eligible for reduced-price meals, a household's income must fall between 130% and 185% of Federal poverty guidelines. Updated guidelines are provided by USDA annually. Households may be Directly Certified for free meals when someone in the household receives 3SquaresVT or Reach-Up, or students are determined categorically eligible through Foster, Homeless, Migrant, or Head Start. Eligibility determinations are made at the SFA- or school-level by the Food Service Director, Administrative Assistants, or others designated by SFA or school administration.

The information in this report is based on information that SFAs report in the annual Site Enrollment Report. The percentages are calculated for all schools in the system participating in the National School Lunch Program. There are a few public schools in Vermont that do not participate in the National School Lunch Program and therefore are not included in this report. The data reported meets Vermont Agency of Education [data governance requirements](#) which eliminate any sensitive and/or potentially personally identifiable information from fewer than 11 students. As a result, some information from some schools is not available, and is replaced with two plus signs (++).

How the Report is organized:

The report is organized alphabetically by Supervisory Union/SFA. The schools participating within the Supervisory Union are listed by school name, followed by the total for all the schools in the Supervisory Union. Independent schools who participate in the National School Lunch Program are included alphabetically, except when they participate as sites under another SFA. In that case, they are listed under that SFA.

## Column Headings

1. Supervisory Union
2. School
3. Number of students approved for free and reduced-price meals
4. Enrollment in the school lunch program as of the last operating day in October. **Note:** Students are considered “enrolled” for the purposes of this report if they have access to the school meals program.
5. Percent of students enrolled in the lunch program who are approved for free and reduced-price school meals

**Statewide Average:** The statewide total enrollment of students in school lunch programs is 84,541. The total number of students approved for free and reduced-price meals is 32,397. Therefore, the statewide average is 38.32%.

## Community Eligibility Provision (CEP) Schools

Schools participating in the Community Eligibility Provision (CEP) are marked with an asterisk (\*). CEP allows schools to serve meals at no charge to students; schools receive the free and paid reimbursement for meals served. Schools eligible to participate in CEP must have at least 40% of their enrolled students Directly Certified for free meals or participate in a group of schools with a combined total of at least 40% of enrolled students Directly Certified for free meals. This Identified Student Percentage (ISP) is multiplied by the USDA multiplier of 1.6. The result is the percentage of meals to be claimed at the free rate. Per USDA guidance, for CEP schools, individual school data must be used to determine the free and reduced rate, even if the school is participating in CEP as a group claiming with a shared free claiming percentage. This percentage is applied to the total enrollment as of the last operating day of October. The following is a list of schools that are participating in the Community Eligibility Provision. For more information, please contact Rosie Krueger, State Director of Child Nutrition Programs at (802)-828-1589.

## Provision 2 Schools

Schools participating in Provision 2 for Lunch are marked with two asterisks (\*\*). In Provision 2, schools collect applications in a “base year” and use those percentages in the following 4 years. The base year percentages may be extended for an additional 4 years beyond that if the SFA can provide information showing that the demographics have not changed since the base year. For these schools, the free and reduced percentages from applications collected in the base year have been applied to the school’s current year enrollment (as of the last operating day of October). For more information on Provision 2, please see the [USDA Factsheet](#).
