Virtual Meeting

The Agency of Education welcomes parents and families to join our staff virtually for conversations about the Special Education Program Rule Changes going into effect July 1, 2022.

We will discuss the upcoming changes and their impact on students and parents, in addition to addressing questions and hearing concerns. Please consider joining an AM or PM session. We recommend reviewing the latest guidance located on our [webpage](#), so you can arrive with questions. The AOE looks forward to connecting with you!
