

Post-Secondary Early College Participation Agreement FY24

The Agency of Education and Vermont's approved post-secondary partners continue their collaboration to create a system in which Vermont seniors can complete their final year of high school at a college or university. This program is part of the Flexible Pathways Initiative, in which the State has encouraged and supported school districts in offering high-quality educational experiences. The Early College Program, [16 V.S.A. § 946](#), is a program in which high school juniors apply to complete their senior year of high school in a college program. Student readiness for and participation in college coursework must be determined by their principal and/or their designee and documented in the student's Personalized Learning Plan.

For each 12th grade Vermont student enrolled, the Secretary of Education shall pay an amount equal to 87 percent of the base education amount, but not more than tuition charged by the institution, to an Early College Program that is approved for operation by the Secretary. This amount is intended to cover tuition only for both semesters, not each.

Upon submitting this completed form, The **Post-Secondary Academic Officer** will be sent a link to sign a document using **DocuSign**, our official e-signature tool. Signatures indicate understanding of and assurance that the Vermont Early College Program Participation Agreement responsibilities will be met.

We encourage the signees to share these program responsibilities and assurances with their Early College program coordinators. Any questions about this program should be directed to: aoe.earlycollege@vermont.gov

Note: Please refer to current guidance regarding eligibility and enrollment of Home Study students.
