EXTERNAL SENDER: Do not open attachments or click on links unless you recognize and trust the sender.

To all approved secular schools:

In testimony being planned for next week, VISA wishes to be able to show legislators that every approved secular independent school supports the nondiscrimination policies required by Vermont law.

The recently revised 2200 Series rules require every approved independent to attest to four assurances when seeking reapproval. These assurances include the nondiscrimination requirements in Vermont's Public Accommodations Act. The attestation statement is shown below.

Please reply to this message by stating either that your school has recently signed this statement, or that your school supports the statement now and will sign it when your school's reapproval comes up.

Your cooperation on this by the end of this week will be very helpful!

To all approved secular schools:

Though I earlier asked all schools to attest to the required independent school assurances, I have been advised now that **SIGNED STATEMENTS ARE NECESSARY** for maximum credibility when testifying to the legislature and to the State Board of Education. *We need these statements by Monday of next week.*

VISA wishes to show that all secular approved independents endorse the nondiscrimination requirement in the Vermont Public Accommodations Act (as opposed to some religious schools that have openly challenged that requirement).

The recently revised 2200 Series rules require every approved independent to attest to four assurances when seeking reapproval. The attestation statement is shown below.

Please reply to this message by either:

- Stating your school has signed this statement when submitting a reapproval application, or
- Putting your signature to the statement.

It is important that a signature appears on the statement and that it is returned to me as soon as possible. Your cooperation on this *by Monday* will be very helpful!

To all approved secular schools:

Though I earlier asked all schools to attest to the required independent school assurances, I have been advised now that **SIGNED STATEMENTS ARE NECESSARY** for maximum credibility when testifying to the legislature and to the State Board of Education. We need these statements by Monday of next week.

VISA wishes to show that all secular approved independent endorse nondiscrimination requirement in the Vermont Public Accommodations (as opposed to some religious schools that have openly challenged the requirement).

The recently revised 2200 Series rules require every approved independent to attest to four assurances when seeking reapproval. The attestation statement is shown below.

Please reply to this message by either:

- Stating your school has signed this statement when submitting a reapproval application, or
- Putting your signature to the statement.

It is important that a signature appears on the statement and that it is returned to me as soon as possible. Your cooperation on this by Monica will be very helpful!
