Name and location of construction project:

Estimated Cost of Figures

Total estimated project cost: \$

Source of Funds: \$

Architect/Engineer:

Address:

A signed application acknowledges:

1. The state is not obligated to pay its share of the approved costs of construction until state funds are available. State funding may not be available at the time that the project would otherwise be eligible for payment. The applicant is solely responsible for the costs associated with any borrowing done in anticipation of state aid.
2. Agreement by school district to refund to the State a percentage of the sale price equal to the percentage of construction aid received, or actual grant, whichever is less upon sale of any item or building for which aid was awarded,. Title 16, V.S.A. § 448 (b).
3. This project complies with the applicable provisions of State Board of Education Rules 6100 et seq.

Superintendent of Schools

School Board Chair

Exhibits Required

- Information on how the project will be funded.
- Summary of Project Budget.
- Detailed description of the nature and extent of health and safety hazards that exist and the extent they would be alleviated by the project or certification by an independent and qualified authority that a health and safety hazard exists to occupants unless the emergency work is completed.
- The estimated cost of the emergency construction with documentation where feasible by two or more independent qualified estimators.
- Approval from all applicable state agencies.
