

Special Education Advisory Panel: Evaluations and Reporting Subcommittee

AGENDA

Purpose:

The purpose of this committee is to support our responsibility to advise the State Education Agency (SEA) in developing evaluations and reporting on data to the Secretary. This committee will be responsible for developing recommendations for advice to the Agency regarding the SPP indicators, including parent involvement and the parent/family survey, significant disproportionality, the state systemic improvement plan (SSIP) state-identified measure (SiMR), and other evaluations and reports. Recommendations of this committee will be presented to the full Panel. This committee is expected to have ongoing work as evaluations and reports are a regular part of the agency's work. However, there may be times when the committee needs to be more active (for example as the agency sets its targets for the Part B SSP).
