Post-Secondary Transition Plan

Student Name: _____ IEP Meeting Date: ____/____/____

Current Grade Level: _____ Expected Date of Graduation: ____/____/____

Evidence student was invited to the IEP meeting and date of invitation: _____

Outside Agencies: Outside agencies such as HireAbility can continue to support the student after they graduate with regard to employment or post-secondary education however, they must be enrolled in HireAbility. If not already enrolled in HireAbility services by grade 12, the student should enroll in order to receive continuing supports related to employment and post-secondary education. It is critical that these key connections are made prior to graduation by inviting the proper outside agencies to the IEP meeting that addresses the transition plan. Examples of other agencies that the IEP team may choose to invite include VT Developmental Disabilities Services, Department for Children and Families, Department of Labor, VT Student Assistance Corp.

Identify evidence that outside agencies were invited (with parental consent) and date of invitation: _____

Describe the coordinated interagency linkages and responsibilities including pre-employment transition services (services provided or paid for from another agency): _____

Assessment Summary for Transition Planning: Transition assessments are an ongoing process of collecting data on the individual’s strengths, needs, preferences, and interests as they relate to the demands of current and future working, educational, living, and personal and social environments. Assessment data serve as the common thread in the transition process and form the basis for defining goals and services to be included in the Individualized Education Program (IEP). It is recommended that a cumulative record of assessments be maintained. For guidance in developing transition plans, please see the Vermont Agency of Education website for [example transition plans](#).

Parental Consent to Bill Medicaid:

For parents and legal guardians who have signed a Release of Information form, the school district is authorized to bill Medicaid for the services listed in this Individualized Education Program and to release any necessary special education records to a physician/nurse practitioner in order for them to reach a determination that the services are medically necessary. Release of information is also granted to Agency of Education and Human Services personnel charged with processing Medicaid billing for those IEP services that are also considered medical services under Vermont Medicaid rules. This consent will remain in effect until consent is revoked or until the student reaches the age of 18 (at which time consent must be obtained from the student) or when the student graduates. Refusal to consent does not affect the school district's responsibility to provide these services to the student at no cost to the family. I understand that I may revoke consent at any time and when I revoke consent it will apply to billing for any services from that date forward.
