Hi Joanna,

Mt. Abraham has no concerns about having enough capacity to support Ripton students.

Hi Patrick,

I hope you had a great weekend. My name is Joanna Doria and I am writing from Ripton.

My hope is to confirm adequate capacity for potential matriculating Ripton students to Mount Abe Union Middle and High School. We have about 5 student per grade with class sizes growing but not to more than about 10/grade.

The State Board of Education requires that we verify capacity at surrounding Middle and High Schools to be sure Ripton students will be able to attend a school that is in compliance with State rules and regulations.

I chose not to reach out to the principals associated with those schools, but if you think I should, let me know.

Thanks for your time,  
Joanna
