Hi Laurie

It is a good question. Neshobe is at capacity and over full now. Leicester is at capacity. The space available would be at Lothrop and they can definitely take 30. 50 might be a stretch.

Dear Jeanne,

I am Chair of the Ripton Selectboard and a member of the School Committee. John Carroll, Chair of the State Board of Education, has requested that Ripton reach out to confirm that there are elementary schools in the area which would have room for Ripton's K-5 students if our

independent school ended up not being viable at some point during the next few years. Would you anticipate that the elementary schools in the Otter Valley district would have adequate capacity for Ripton's elementary students, numbering perhaps between 30 and 50?

Thank you for your assistance in this process.

Laurie Cox
