

MEMORANDUM

TO: State Board of Education Members
FROM: Emily Simmons, General Counsel
SUBJECT: Potential Technical Revisions to Title 16; Roles of State Board and Agency
DATE: March 19, 2019

SBE and AOE Roles Summary

The current structure of the State Board of Education and Agency of Education was established in 2011 by Act 98. This act amended certain provisions of Title 16 including 16 V.S.A. § 163 which provides that, "The Board shall be supported by adequate staff, who shall report to the Board." (Amended, 2011, Act No. 98). This language prior to Act 98 stated, "The office of the Board shall be the office of the Commissioner of Education."

While the act directed the General Assembly's legislative staff to recommend all technical amendments that were necessary at that time, the following provisions of Title 16 *may* be appropriate for revision because of inconsistency with current generally accepted practice between the Agency of Education and the State Board.

The provisions below are provided in summary form only. Please refer to Title 16 for exact wording of these statutory provisions.
