1302 STATEMENT OF PURPOSE

These Rules are designed to:

- (a) guide implementation of a census-based model of funding for students who require additional support;
- (b) guide the provision of funds to supervisory unions and supervisory districts in a manner designed to enhance the effectiveness, availability, and equity of services provided to all students who require additional support, while ensuring the entitlement of eligible students with disabilities to a free and appropriate public education in accordance with federal law;
- (c) be implemented in a manner consistent with State and Federal statutes, regulations, and guidelines.

1303 DEFINITIONS

Any terms used in these rules not defined below shall be consistent with the definitions found in State Board of Education (SBE) Rule 2361.1. For purposes of these rules, the following definitions apply:

Essential Early Education (EEE): as defined in 16 V.S.A. § 2956. EEE may also be referred to as Early Childhood Special Education (ECSE).

Extraordinary Expenditures: means an LEA's allowable special education expenditures that for

any one student in a fiscal year exceed the extraordinary cost threshold as calculated under 16 V.S.A. § 2962(a)(2).

Inclusive Setting: means full membership in grade level settings (such as general education classrooms, community-based job sites, the school bus, extracurricular activities, and other educational related settings), and includes membership and participation in school and classroom structures and schedules, valued social roles and symbols of belonging in each context, and access to grade level curriculum with appropriate instruction, support, and accommodation to realize the benefits of membership in a grade level classroom.

Individualized Education Program (IEP): means a written statement for a student with a disability that is developed, reviewed, and revised in accordance with SBE Rule 2363.

1304 MAINTENANCE OF EFFORT (MOE) (34 C.F.R. § 300.203)

1304.1 Eligibility Standard

- (a) For purposes of establishing the LEA's eligibility for a federal award under IDEA for a particular fiscal year, the Secretary of the Vermont Agency of Education (Secretary) must determine that the LEA budgets, for the education of students with disabilities, at least the same amount, from at least one of the following sources, as the LEA spent

for that purpose from the same source for the most recent fiscal year for which information is available:

- (1) Local funds only;
- (2) The combination of State and local funds;
- (3) Local funds only on a per capita basis; or
- (4) The combination of State and local funds on a per capita basis.

(b) When determining the amount of funds that the LEA must budget to meet the requirement in paragraph (a) of this section, the LEA may take into consideration, to the extent the information is available, the exceptions and adjustment provided in 34 C.F.R. §§ 300.204 and 300.205 that the LEA:

- (1) Took in the intervening year or years between the most recent fiscal year for which information is available and the fiscal year for which the LEA is budgeting; and
- (2) Reasonably expects to take in the fiscal year for which the LEA is budgeting.

1304.2 Compliance Standard

(a) Except as provided in 34 C.F.R. §§ 300.204 and 300.205, funds provided to an LEA under Part B of IDEA must not be used to reduce the level of expenditures for the education of students with disabilities made by the LEA from local funds below the level of those expenditures for the preceding fiscal year. An LEA meets this standard if it does not reduce the level of expenditures for the education of students with disabilities made by the LEA from at least one (1) of the following sources below the level of those expenditures from the same source for the preceding fiscal year, except as provided in 34 C.F.R. §§ 300.204 and 300.205:

- (1) Local funds only;
- (2) The combination of State and local funds;
- (3) Local funds only on a per capita basis; or
- (4) The combination of State and local funds on a per capita basis.

(b) Expenditures made from funds provided by the Federal government for which the Secretary is required to account to the Federal government or for which the LEA is required to account to the Federal government directly or through the Secretary may not be considered in determining whether an LEA meets the standard in paragraphs (a) this subsection.

1304.3 Subsequent Years Rule

If an LEA fails to meet the requirements of MOE, the level of expenditures required of the LEA for the fiscal year subsequent to the year of the failure is the amount that would have been required in the absence of that failure, not the LEA's reduced level of expenditures.

1304.4 Consequence of Failure to Maintain Effort

If an LEA fails to maintain its level of expenditures for the education of student with disabilities in accordance with Rule 1304.2, the Agency of Education is liable in a recovery action under section 452 of the General Education Provisions Act (20 U.S.C. 1234a) to return to the Department of Education, using non-Federal funds, an amount equal to the amount by which the LEA failed to maintain its level of expenditures in that fiscal year, or the amount of the LEA's Part B subgrant in that fiscal year, whichever is lower.

1304.5 Exceptions to Maintenance of Effort (34 CFR § 300.204)

Allowance may be made for the difference between the level of effort in the current fiscal year and the amount required to maintain effort for the following reasons:

- (a) The voluntary departure, by retirement or otherwise, or departure by just cause, of special education or related services personnel;
- (b) A decrease in the enrollment of students with disabilities;
- (c) The termination of the obligation of the LEA, consistent with this part, to provide a program of special education to a particular student with a disability that is an exceptionally costly program, as determined by the Secretary, because the student has left the jurisdiction of the LEA, has reached the age at which the obligation of the LEA to provide FAPE to the student has terminated, or no longer needs the program of special education;
- (d) The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities; and
- (e) The assumption of cost by the high cost fund operated by the Secretary under 34 C.F.R. 300.704(c).

1305 ALLOWABLE EXPENDITURES

The purpose of this section is to identify the allowable uses of the following funds, and articulate when such funds may be categorized as a budgeted or actual special education expenditure. These rules apply to the following funding sources, except as provided in Rule 1305.2:

- (a) Census Block Grant pursuant to 16 V.S.A. 2961
- (b) Extraordinary Services Reimbursement pursuant to 16 V.S.A § 2962;
- (c) IDEA Part B pursuant to 34 C.F.R. 300;
- (d) State Placed Reimbursement pursuant to 16 V.S.A § 2950;
- (e) Essential Early Education (EEE/ECSE) pursuant to 16 V.S.A § 2948;
- (f) Local special education funds.

To help reduce the administrative burden and minimize the number of rules LEAs are subject to in accordance with 20 U.S. Code § 1407(a), there will be a single set of rules defining allowable special education expenditures that align local, state, and federal funding sources. Per 2 C.F.R. 200, subpart E, allowable costs must be reasonable, allocable, and necessary. An LEA's allowable state and local special education expenditures will be used as the basis for calculating maintenance of effort required by 34 C.F.R. 300.203.

1305.1 Allowable Special Education Expenditures

An allowable special education expenditure is a cost over and above the cost of general education costs. To qualify as an allowable special education expenditure, the following three criteria must be met:

- (a) In the absence of special education needs, this cost would not exist;
- (b) This cost is not generated by students without disabilities; and
- (c) The special education, related service and/or supplementary aids and services to which this cost is attributable is documented in the student's IEP.

Allowable special education expenditures shall be determined in accordance with the Technical Manual for Determining Allowable Costs for Vermont Special Education Funding and IDEA B Entitlement Grants.

1305.2 Permissive Use of Funds

Permissive use of funds refers to the benefits students without disabilities may receive from the special education and related services, and supplementary aids and services, that are provided to a student pursuant to their IEP in an inclusive setting. Inclusive settings can include the general education classroom, community-based job sites, the school bus, extracurricular activities and other educational related settings. LEAs may deliver special education services in the general education classroom that may benefit nondisabled students, so long as the service being provided

is described on an IEP and designed to meet the unique educational needs of an eligible student with a disability.

1305.3 Source Specific Permissive Use of Funds:

1305.3.1 Census Block Grant:

- (a) If an LEA is able to meet its ongoing service requirements under IDEA Part B and Vermont law, any remaining census-block funds may be invested in system structures or programs for students without disabilities requiring additional supports;
- (b) Census-block funds may be used to fulfill an LEA's Child Find requirements under IDEA.

1305.3.2 State-placed Reimbursement:

Pursuant to 16 V.S.A. 2950(a) the Secretary may approve any costs incurred in educating a State-placed student who is not eligible for special education that are incurred due to the special needs of the student.

1305.3.3 Coordinated Early Intervening Services (CEIS):

- (a) An LEA may elect to use up to 15 percent of its total IDEA Part B allocation to implement Coordinated Early Intervening Services (CEIS) to provide early intervening services for those students not yet identified as needing special education or related services, but who may need additional academic and behavioral supports to meet grade-level indicators. More specifically, these services should be targeted to PreKindergarten-12 (with a focus on PreKindergarten-3) students.
- (b) An LEA may be required to use 15 percent of its total IDEA Part B allocation to implement CEIS if the LEA is found to have significant disproportionality based on ethnicity or race with respect to identification, placement, and disciplinary removals.

1305.3.4 Essential Early Education (EEE/ECSE):

Commented [CJ1]: Revised Rule - Originally SBE Rule 2366.8 – Revised for consistency with census-based funding model.

- (a) Essential Early Education (EEE/ECSE) grant funds shall be used to provide a free appropriate public education to all students three through five years of age within the LEA who are eligible for special education services.
- (b) Once an LEA has fulfilled its obligations under subsection (a) of this rule, EEE/ECSE grant funds may be used:
 - (1) To provide Child Find activities as specified to determine eligibility of a child who is younger than three years of age; or
 - (2) To provide services to students who are three through five years of age who have been identified as being at risk of school failure.
- (c) An LEA, at its discretion, may use EEE grant funds to support resident students enrolled in a public or private, prequalified, PreKindergarten education program located outside the LEA's jurisdiction.

1309 COLLABORATIVE PROGRAMS

1309.1 Collaborative Program Definition; Tuition

A “collaborative program” is a program created pursuant to an agreement between two or more LEAs in accordance with 16 V.S.A. §267, for the purpose of cooperatively providing special education services. A collaborative program may offer one or more component programs (e.g. multi-disabilities, emotionally disturbed, diversified occupations). A collaborative program may

charge a tuition pursuant to 16 V.S.A. §826(b).

1309.2 Collaborative Program Accounting

The accounting for each collaborative program shall be in accordance with the Handbook for Financial Accounting of Vermont School Systems accounting procedures and:

- (a) An enterprise fund as defined in the Handbook shall be established to account for the funds for each collaborative program;
- (b) Notice of tuition shall be provided by the collaborative program to the appropriate school board(s) as set forth in 16 V.S.A. §826(a);
- (c) Such tuition notice shall include a description of services to be provided, and the amount of the tuition for each component program;
- (d) Tuition shall be proportionately calculated for students who are part-time; and
- (e) Final tuition charged shall be calculated based on the actual cost of the program.

1309.3 Non-collaborative Tuition

(a) An LEA may charge tuition under 16 V.S.A. § 826(b) for providing special education services. However, any such bill for tuition shall itemize the amount of the bill attributed to general education, special education tuition, and excess costs. Both special education tuition and excess costs must reflect allowable special education expenditures. In the case of a supervisory district, special education tuition shall not be charged for a student whose district of residence is the school district. In the case of a supervisory union, special education tuition shall not be charged for a student from within the supervisory union unless otherwise agreed pursuant to 16 V.S.A. §301.

(b) All the provisions of Rule 1309.2 apply to tuition under subsection (a) above, except that:

- (1) It is permissible but not required that an enterprise fund be established; and
- (2) The notice of tuition establishes the maximum tuition which can be charged.

Commented [CJ7]: Alena will look into this provision.

1309.4 Excess Costs Procedure

Excess costs which may be charged under 16 V.S.A. § 826(c) and 16 V.S.A. § 2962(e) are limited to allowable special education costs for services not covered by a general education tuition or a special education tuition. Allowable special education costs for this purpose are

defined in Rule 1305. The following procedures shall apply to excess costs:

- (a) Excess cost shall be calculated based on the actual costs attributable to the student as required in their IEP.
- (b) District of residence or agency responsible shall be given prior notice by the billing supervisory union, supervisory district, or approved independent school as per 16 V.S.A. § 2962(e), that an excess cost will be charged;
- (c) Notice shall indicate the student's name, type, frequency of service to be provided, fee for services to be provided, and proposed billing schedule; and
- (d) No excess costs will be allowable in the absence of a fully executed contract. Such contract must meet minimum criteria of Uniform Guidance and state procurement guidelines or be in a form approved for this purpose by the Secretary.

1309.5 Allowable Costs Reporting

For financial and statistical reporting to the Secretary, the cost reported by an LEA for all allowable special education services shall be the actual cost of services provided minus the revenue received or due for excess costs.

1309.6 Allocation of Attorney's Fees

All awards, costs and fees associated with a legal proceeding in which a collaborative program is a party shall be borne by the LEA of the student's residence unless otherwise agreed upon by the collaborative's members. However, the foregoing shall not be construed to mean that a collaborative or LEA shall be responsible for the legal fees of a parent unless ordered by a court or agreed to in mediation.

1310 LOCAL EDUCATION AGENCY PLAN (34 C.F.R § 300.200)

Each LEA that receives IDEA B federal funds shall submit a local education agency plan providing assurances as required by the Vermont Agency of Education.

 - (3) equity of services, and
 - (4) that supervisory unions are complying with the IDEA.
- (b) This evaluation process shall be available for implementation concurrent with full implementation of the census-based funding model pursuant to 16 V.S.A. § 2961.
- (c) The results of any evaluation conducted pursuant to this Rule shall be provided to the Legislature, the LEAs and the general public.
