Huling said she would try and arrange an exit interview with the full Board. Carroll asked that it be conducted in executive session. Item F: Update from the Governor's Office

Chair Huling said she has not received an update from the Governor's Office and speculated that they are working to determine an Interim Secretary. She is hoping the Board will receive a letter from the Governor's Office that will include instructions to begin a search, along with search criteria and

requirements for the new Secretary. Discussion followed on an interim, Act 98, role of the State Board in recommending an interim and business at the Agency of Education.

Carroll suggested 3 options of the Board. He said the Board can because of statutory authority suggest individuals or characteristics for an Interim, not do anything, or, make a point of not doing anything. He added that it is disappointing that nothing has been heard from the Governor's Office one week after the announcement and that there is no clear decision. Chair Huling indicated that she has reached out to the Governor's Office and let them know that the State Board is willing to assist in any way necessary to help speed the process. Mathis suggested that if the Board discusses names, it should be under executive session.

Weinberger said that it is important to keep focused on the Board's work and the statewide plan. Chair Huling said that she reached out to Senator Baruth, Representative Sharpe and the Governor's Office about writing a joint statement on Act 46 and moving forward as a State. She said the statement will show a commitment as a State to follow through with timelines. Discussion followed regarding continuity with the Legislature, Act 46, focusing on permanent replacement vs. Interim, process, risk of interim leadership, and executive session. Chair Huling said the Board will go into executive session to discuss names of a possible Interim Secretary.

Item G: Brainstorm the Ideal Candidate for the next Secretary of Education

Chair Huling referred the Board to an old job posting for the Secretary of Education to help determine qualifications of ideal candidates. She said the job description was pulled from statute under Act 98. Carroll said that he would like to see business experience like running a business. He said that education experience alone does not make a good leader. He continued that the leader does not need to be an education expert. Huling said that the Board is dictated by statute and Act 98 clearly states that the Secretary shall have expertise in education management and policy and demonstrated leadership and management abilities. Discussion followed regarding statute, preferred qualifications, required qualifications and job title in posting to indicate Agency.
