

Good morning, Jennifer and Tammy.

Susan Blake, South Royalton resident, left a voice mail on the Agency of Education's main line. She is opposed to the school merger with Lincoln. The merger with Bethel cost the taxpayers more than expected. The merger was supposed to save money and that is not the case. There will be increased costs with the merger with Lincoln including bussing etc. Folks can't keep raising taxes on mergers that aren't working.

Thank you,
